INVITATION

It gives us immense pleasure to cordially invite you to the 10th International Conference cum Workshop 'PRISM-2025' (Promoting Research, Innovation, and Sustainable Management), organized by BIRAC E-Yuva Centre and Department of Biotechnology, Career College, Bhopal, in association with MBSI, IIC, ASM, and Riidl Mumbai, on 12th – 13th February, 2025.

ABOUT CAREER COLLEGE

Career College (Autonomous), Bhopal under the aegis of Career Society is pioneer in the field of education. It commenced its voyage in 1970 and since then meaningfully engaged in imparting knowledge to students as well as preparing them for their successful career. Career College is affiliated to Barkatullah University, Bhopal and accredited as A+ (3.28 CGPA) by NAAC Bengaluru (National Assessment and Accreditation Council). College is offering undergraduate and postgraduate courses in emerging fields such as Biotechnology, Microbiology, Computer Science, Physics, Chemistry, Mathematics, Zoology, Botany, Commerce and Management, Humanities, Paramedical and Library science. In addition, college also offers many online certification programs like Spoken Tutorial course with IIT Bombay, IIT Delhi, IIT Madras, NPTEL, Coursera, IGNOU and many short-term certificates with UGC-NSQF.

ABOUT THE DEPARTMENT

The Department of Biotechnology was established in 2002, and since then, it has been renowned for its excellent faculty, meritorious students, and progressive development in research and projects. The department has successfully worked on a variety of sponsored projects, including those from DBT, MPCOST, State Biodiversity Board, CRI, Global Green, and many others. The department faculty members are experts in their respective fields, leading to world-class research publications and pioneering projects. The students of department secure positions in the university merit list and are actively involved in both basic and advanced research.

BIRAC E-YUVA CENTRE

Career College Bhopal established the BIRAC E-YUVA Centre in 2021. Since its inception, the centre have reached significant milestones, including the filing of 8 patents, the establishment of 7 startups, and the support of approximately 50 fellows from across India. The E-YUVA Centre provides various facilities, including state-of-the-art laboratories, advanced instrumentation, and mentorship. The centre offers numerous opportunities such as seed funding, access to follow-on funding, national and international activities, domain-specific seminars and workshops, and industry partnerships. In 2024, the centre was honoured with the **Best Incubation Centre Award** by BIRAC, DBT in Global Bio India 2024 which further acknowledges our commitment to fostering innovation and entrepreneurship.

ABOUT THE CONFERENCE

The 10th International Conference on Promoting Research, Innovation, and Sustainable Management (PRISM 2025) is a premier event dedicated to advancing interdisciplinary research and solutions in the fields of sustainability, innovation, and responsible management. With a strong focus on tackling global challenges, this conference aims to bring together a diverse community of researchers, policymakers, industry leaders, and practitioners to share knowledge, exchange ideas, and collaborate on innovative approaches for sustainable development. The conference will feature an Innovation Exhibition that provides a unique platform for students, scholars, academics, and industry professionals to present their innovative products and technologies.

OBJECTIVES

The objectives of the conference are to foster knowledge sharing and innovation for sustainable management; to explore advancements in research and practices for environmental, social, and economic sustainability; and to build strategies for integrating research and entrepreneurship in addressing global challenges. The conference aims to unite diverse stakeholders under one roof to develop collaborative solutions for a sustainable future.

THEMES

- Advancing Sustainability through Microbial Solutions
- Green Technologies and Sustainable Practices
- Technological Innovations in Sustainable Agriculture and Food Security
- Research and Development for Sustainable Solutions
- Innovation for Environmental and Social Impact
- Policy and Governance for Innovation
- Innovative Agricultural Practices for Sustainable Crop Production
- Artificial Intelligence and Big Data for Sustainable Resource Management
- Green Finance and Investments for Sustainable Development
- Livestock and Sustainable Agriculture: Innovations for Ethical and Green Practices
