Webinar on "How to be successful in life"

Personality Assessment and Development Cell organised a webinar on 22 October 2021 on the topic "How to be successful in life." Dr. Charanjit Kaur, Principal, Career College welcomed the speaker of the webinar, Prof. S.S Sandhu, Director, Design Innovation Centre and Professor, Biological Sciences, R.D University, Jabalpur. According to him Success is the basic result of applying some basic principles such as goal setting, determination and the desire to success. He further added that desire is the starting point of all accomplishment and great results cannot be obtained without a strong desire. He emphasized on proper planning before commencement of any task. He discussed that motivation plays an important role in achievement of success. He also discussed the role of other factors such as discipline, mentorship, oral expressions, writing abilities, attitude etc which may help to achieve success. His lecture was very fruitful and motivational and will help the young generation to focus on their goals and incorporate his valuable suggestions to succeed in their lives.

Report of Awareness Program on Cleanliness

A cleanliness awareness campaign program was organized in Government Secondary School Govindpura Bhopal by the Computer Department of Career College on 23-02-2022. In which the importance of cleanliness was explained to the students through various activities. Dr. Rupali Vishwakarma of the department welcomed the principal of the school, Mr. Sunil Kumar Srivastava, and motivated the students to engage in social activities. On the other hand, Professor RoopKishori Sharma of the department while telling the important points related to cleanliness to the students said that we should take care of cleanliness not only in our house but also in our school around our house. If possible, we should try to plant more and more trees, which is a worthwhile initiative in our environment protection. In this program, the importance of cleanliness was explained to the students through animation videos explaining the process of hand washing in an experimental manner. Asad Khan, Garima Singh, Priyanshi Sharma, Aman Zaria played an important role in the cleanliness camp, mainly as student volunteers.

Session-21-22

National Science Day Celebration

Bhopal 28 February 2022

"National Science Day" was celebrated by Computer Science Department of Career College in collaboration with IIC. There were various competitions organized like Battle of Brilliant Minds (Quiz Competition) and Know Your Scientist. Objective of the event was to aware the children about the importance and noteworthy contribution of science in daily life and the discovery of the scientist. Two activities organized by the department. A quiz competition "Battle of Brilliant minds" and a competition "Know your Scientist".

The Battle of Brilliant minds competition has four phases, in first round, photographs of the scientists were shown and asked students to recognize their names and in second round, student were recognized scientist's name by their voice. Third round was subjective questionnaire and in the lastround, questions were asked from general knowledge, which was related to the inventions and the name of scientists. In which the students showed their intelligence by passing all the rounds. Honorable **Dr. Rajiv Jain**, HOD, Career College of Law, and Honorable **Professor PK Gupta** were in jury. By the decision of jury, in the quiz competition, Rajkumar Kewat, Ankit Pillai bagged first position and Alexiya, Ritu Jatav were on second position and the third position was bagged by Akash Tiwari and Zainab Siddiqui. ISR activity in association with NSS at adopted village Shahpur, Bhopal on 29/01/2022

Objectives:

1. To provide firsthand knowledge about the village life and the problems faced by villagers.
2. To create awareness in the villagers with the help of the students about various diseases and how they can be prevented and cured.
3. To do a general medical checkup of the villagers included blood pressure, blood sugar etc.
4. To distribute protection material like masks and sanitizers to the villagers to fight against corona.

6 Faculties & 26 students of Dept. of Zoology, Dept. of Commerce, NSS unit and Career College of Nursing participated in the camp.

Key Outcomes:

The main focus of the camp was to do survey & health check up of the villagers. It covered their complete basic body checkup of blood sugar, blood pressure & body weight. Total 38 students with 6 faculty members visited the village & distributed Masks & sanitizers and spread knowledge & awareness about Covid-19. Patwari & Sarpanch of the village appreciated the efforts of our students & offered to adopt two more villages coming under them.

Gender equality today for a sustainable tomorrow'

Literacy teaching and learning in the COVID-19 crisis and beyond'

The pandemic and its consequences have exacerbated already-existing disparities in access to meaningful literacy learning opportunities, affecting illiterate children and adults. They are more vulnerable in managing their health, career, and life when they have poor or no reading and writing skills. WEC organized a one day digital literacy program for the women's of God Gram Shapur village to make them more digitally skilled. Digital access helps women refine vocational skills (agriculture, cooking, beautician training etc.), improve financial literacy, keep up with government programs that benefit their families, and learn about nutrition.

Digital literacy Awareness Program for house wives of Shapur Village

Poshan Ahar Jagrukta abhiyan:

A nutrition-rich diet is necessary for the complete development of children. Deficiency of essential nutrients results to malnutrition, which leads to many diseases and disorders. Thus the WEC launched the **Poshan Ahar Jagrukta abhiyan**, to end the fight against malnutrition and create awareness related to the nutrition-rich food among the children of God Gram Shapur village on 11/09/2021.

Distribution of fruits to the students of primary school of Shapur village

Yoga se Bharat Rog Mukh Hoga (Yoga Awareness Program)

The COVID-19 pandemic has increased stress and anxiety among people. Illness and isolation are affecting not only the health of the patient but also the emotional health and even the health of his/her family members. Yoga helps in dealing with these types of issues. It helps us to create psycho-physical health, emotional harmony; and manages daily stress and its consequences.

WEC organized one day Yoga awareness program for the children of God Gram Shapur village on 11/09/2021

PCOS awareness program for adolescent girls of God Gram Shapur on 11/09/2021:

September is marked PCOS Awareness Month. PCOS stands for polycystic ovary syndrome - a disorder which all women should be aware of, especially as soon as their teenage years begin. Polycystic ovary syndrome (PCOS) is not only a matter of concern for women of the reproductive age group but even for young teens. Currently, a large number of young teens are getting diagnosed

with PCOS due to sedentary lifestyles. WEC organized a PCOS awareness program for the middle school and high school girls of Shapur Village. Many girls had queries regarding periods date, pain, delay of periods, obesity etc. which the members of WEC deal with by giving appropriate solutions. The students even pledged to lead a healthy life.

आयोजन

गोद ग्राम शाहपुर में एक दिवसीय जागरूकता शिविर आयोजित

विद्यार्थियों ने समझा स्वास्थ्य और स्वच्छता का महत्व

कारखाने का साफर भोपाल।
