Invitation

The Career College (Autonomous) BHEL, Bhopal, warmly welcomes you to the National Workshop on SOUL 3.0 Software and Innovative e-Resources, scheduled for November 18 to November 22, 2024.

Join us for an engaging week focused on innovative strategies in educational resources and the impressive features of SOUL 3.0 Software. We eagerly await your participation!

About Bhopal

Bhopal, the capital of Madhya Pradesh, India, is known for its rich history and cultural heritage. Famous for its beautiful lakes, parks, and monuments, it blends modernity with tradition. The city is also recognized for its vibrant arts scenery, delicious cuisine, and as a hub for education and industry.

Host of the workshop

Career College (Autonomous), established in 1970 in Bhopal, Madhya Pradesh, is a distinguished institution dedicated to quality education and skill development. Our College has the honour of being accredited with A+ grade by NAAC. The college offers a range of undergraduate and postgraduate programs. Its autonomous status allows for a flexible and industry-relevant curriculum that emphasizes practical knowledge.

The campus features modern facilities and a dedicated faculty, fostering a vibrant environment for both academic and personal growth. With strong ties to local industries, Career College promotes internships and placement opportunities, ensuring students are well-equipped for success in a dynamic job market. Additionally, the college hosts national workshops to enrich educational resources and foster collaboration among students and faculty.

Library :

Our library features an extensive collection of over 30,000 books, including many rare titles, and provides access to national and international journals, enhancing research and scholarship opportunities. With resources from DELNET and NLIST, we ensure a comprehensive array of materials to support our users.

We offer dedicated seating arrangements for students and research scholars, fostering an engaging learning environment. The library also provides SOUL 3.0 web OPAC, allowing students and faculty members to access resources from anywhere within the premises.

Additionally, we host workshops and training sessions to help users navigate our offerings effectively. Regular updates to our collection keep it relevant, ensuring that students have access to the latest information. This blend of diverse resources and modern technology creates a supportive atmosphere for academic excellence and personal growth.

About INFLIBNET :

The Information and Library Network (INFLIBNET) Centre was established in May 1996 as an independent, autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC). Major activities and services of the Centre include automation of academic libraries and information centers, creation of union databases of resources available in academic libraries, promote resource sharing among academic libraries, promote information access and transfer, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centers in universities, institutions of higher learning and R & D institutions in India with an aim to promote scholarly communication. The technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken-up a number of initiatives for academic community in universities under its purview.

About SOUL 3.0

Software for University Libraries (SOUL) is state-of-the-art integrated library management software designed and developed by the INFLIBNET Centre based on requirements of college and university libraries. It is user-friendly software developed to work under client-server environment. The software is compliant to international standards for bibliographic formats, networking and circulation protocols. After a comprehensive study, discussions and deliberations with the senior professionals of the country, the software was designed to automate all housekeeping operations in library. The software is suitable not only for the academic libraries, but also for all types and sizes of libraries, even school libraries. SOUL 3.0 is compliant to international standards such as MARC 21 bibliographic format, Unicode based Universal Character Sets for multilingual bibliographic records and NCIP 2.0 and SIP 2 based protocols for electronic surveillance and control.

e-Resources

e-Resources are digital tools and materials that significantly enhance learning and research across various fields. They include e-books, online journals, databases, multimedia content, and interactive courses, providing users with instant access to a vast repository of information. These resources facilitate efficient information retrieval; promote collaboration among learners, and support diverse learning styles. E-resources are crucial in modern education, enabling institutions to offer flexible learning opportunities and up-to-date information. With the rise of technology, they have become essential for both students and educators, transforming traditional educational approaches and fostering an engaging and dynamic learning environment that meets the needs of today's learners.

About the National Workshop

We are hosting an engaging workshop aimed at fostering collaboration between INFLIBNET experts and SOUL users. This workshop will focus on developing a strategic roadmap for automating libraries using SOUL 3.0 Software. Attendees will gain insights into troubleshooting installation and operational challenges, as well as resolving common data entry errors. Participants will also explore effective ways to access a diverse range of electronic information resources through various databases.

Date & Time : 18th Nov. to 22nd Nov. 2024 (Time : 10:00 AM to 5:00 PM)

Note : To enhance your experience, please submit any specific installation or operational issues related to SOUL Software with your registration form. Solutions will be provided alongside the course materials for a comprehensive learning experience.
